

APRIL 2019

METHOD

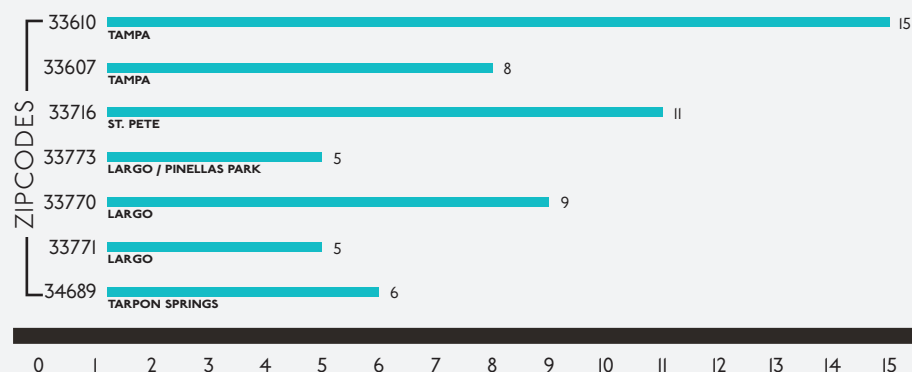

THE SURVEY

Survey notifications were distributed via fliers, word-of-mouth, e-blasts, social media, and through the project and Forward Pinellas websites. 131 community members and stakeholders completed the online survey.

MASTER PLAN PRIORITIES

WHAT ARE THE TOP PRIORITIES?

BIG IDEA FOR THE GATEWAY

IDEAS BY TOPIC

“ Communities that are walkable (safely) and have easy to access resources. Seeing people out and about, and enjoying the area together.

“ a robust high-tech job market that attracts talent from all over the country

“ Break the dependency on the automobile, enhance transit and investing in last mile infrastructure to help riders get to and from transit stops. Plan for density near the stops.

“ Affordable homes & a thriving economy with beautiful parks all around.

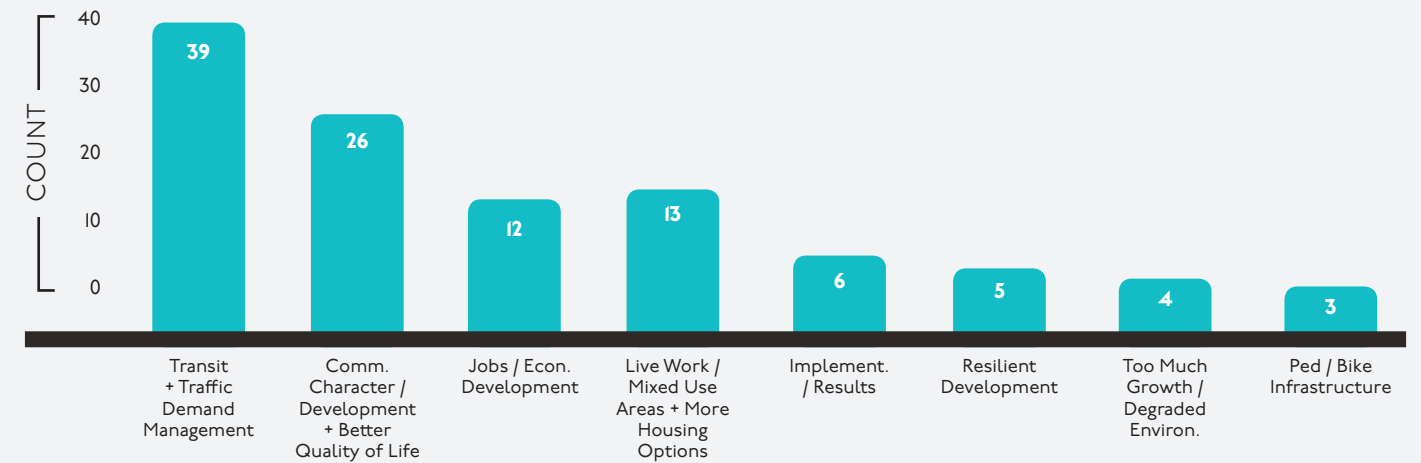

“ I see the Gateway as a vibrant mixed-use area, accessible by multiple safe modes of travel where people want to live work and play. We should build on the economic success of the area and build it into a community.

“ a safe and beautiful place where people can afford to live and want to live and work.
